

Seif Eldin ElMuselmani

Programming Instructor · Full Stack Engineer

Sharqia, Egypt · +20 122 381 7860 · eldenseif645@gmail.com

Teaching Portfolio: seif-elmuselmani.vercel.app/teaching · LinkedIn: [seif-elmuselmani](#)

PROFESSIONAL SUMMARY

Passionate **Part-Time Instructor** and Full Stack Engineer combining strong technical expertise with a passion for Computer Science education. Winner of the 1st Place Nationwide award in the elite Digital Egypt Pioneers Initiative (DEPI). Demonstrated success at iSchool instructing over 100+ K-12 learners (children aged 9-16). Expert in simplifying complex programming concepts (Python, Robotics, AI, Web Development) into engaging, project-based learning modules that build student logic, confidence, and problem-solving skills.

EDUCATION

Faculty of Computers and Information, Zagazig University	June 2026
Bachelor of Computer Science	<i>Cumulative Grade: Very Good</i>

PROFESSIONAL EXPERIENCE

Main Tutor (Programming & AI Instructor)	June 2026 – Present
<i>iSchool</i>	Online & Offline
- Deliver engaging live online and offline sessions for children aged 9-16, guiding students through hands-on exercises and small projects using project-based learning. - Explain technical concepts (Programming, Robotics, Data Analysis, AI) in a simple, practical, and age-appropriate way. - Provide constructive feedback, support students with assignments, and encourage curiosity with patience and energy. - Instructed students during national tech initiatives including DECI, B2G, and DM Engagement Sessions.	
Core Backend Engineer (#1 Place Nationwide Winner)	July 2025 – January 2026
<i>Digital Egypt Pioneers Initiative (DEPI) – MCIT</i>	Hybrid
- Awarded 1st Place Nationwide among 50+ teams in the Full Stack .NET track for engineering the “Shryan” platform. - Collaborated with a team of 6 engineers in system architecture, Git version control, and REST API design.	
MEAN Stack Software Developer (Professional Training)	February 2026 – May 2026
<i>National Telecommunication Institute (NTI)</i>	Offline
Completed a 210-hour intensive program in advanced web engineering (Node.js, Express, Angular, MongoDB).	
Freelance Full Stack Developer	September 2025 – Present
<i>Self-Employed</i>	Remote
Develop and deploy responsive web applications and technical solutions for 5+ direct clients in local and Gulf markets.	

KEY TECHNICAL PROJECTS

- Shryan Healthcare Platform (#1 Nationwide Winner DEPI):** Architected a scalable .NET 8 backend connecting clinics.
- Nabd (AI-Driven Diagnosis System) – Project Lead:** Led a team to build an AI diagnostic portal using ASP.NET Core and Python.
- Kshaf (Sports Talent Scouting Platform):** Developed a full-stack scouting application utilizing the MEAN Stack.

TEACHING, TECHNICAL & LANGUAGE SKILLS

- Instructional & Soft Skills:** Project-Based Learning, Communication, Patience, Problem-Solving, STEM Education.
- Technical Tracks:** Programming (Python, C#, JS), Artificial Intelligence, Robotics, Data Analysis, Web Development.
- Certifications:** DEPI Full Stack .NET (MCIT), NTI MEAN Stack, Berlitz Business English Track.
- Languages:** Native Arabic, Professional Working English (Berlitz Certified).
